## Release Information

Release Version: 18.01.2

Date of Release: February 15, 2018

## Introduction

This document describes the features and functionality of the BIGCenter 18.01.2 release. Enhancements have been delivered for the **Custom Field Manager** workspaces, **Leases** workspace, **Purchase Orders** workspace, and **Report Center**.

## Ideas for improving BIGCenter

We invite you to submit enhancement requests on [the BIGCenter Ideas page](#), visible to both internal Accruent employees and Support Contacts for other BIGCenter customers. You can now vote for or against these ideas, add or respond to comments, and view the status of all ideas.

This direct feedback allows Accruent to gain visibility into what is meaningful to customers. Product Management actively monitors the Ideas board, adds comments, and updates the status of ideas as needed.

Please contact BIGCenter Support for any questions about Ideas.

## Summary of Issues Fixed and Additional Enhancements

Component	Summary
Custom Field Managers (all)	Users reported that the character limit for the <b>Description</b> field of a <b>Choice Custom Field</b> was too short. The character limit has been increased from 25 to 250 characters.
Leases	<p><b>Issue:</b> Users reported that when the <b>Allocations</b> detail section loads, the toggle is set to <b>Future Allocations</b>, but the toggle is instead showing the results for the <b>All Allocations</b> toggle.</p> <p><b>Resolution:</b> The <b>Toggle View</b> action now displays only future allocations when the <b>Future Allocations</b> toggle is selected.</p>

Continued on next page.

<p>Leases</p>	<p><b>Issue:</b> Users reported that the <b>Documents</b> detail section was not saving the document date. Users would enter a document date prior to the current date, save their changes, and leave the <b>Documents</b> detail section. Upon returning to the <b>Documents</b> detail section, they would find that the document date had reverted to the current date.</p> <p><b>Resolution:</b> Document dates are now saved and maintained by the system as expected.</p>
<p>Leases</p>	<p><b>Issue:</b> Users requested that fields unique to the legacy <b>Lease Locational Report</b> be made available as fields in the <b>List View</b> of <b>Collections</b> in the upgraded software.</p> <p><b>Resolution:</b> You can now configure the <b>List View</b> of <b>Collections</b> to include the following fields from the legacy <b>Lease Locational Report</b>:</p> <ul style="list-style-type: none"> <li>• <b>Address 1</b></li> <li>• <b>Country</b></li> <li>• <b>Postal Code</b></li> <li>• <b>Floors</b></li> <li>• <b>Unit of Measurement</b></li> <li>• <b>Annualized Base Rent</b></li> <li>• <b>Amount / Area</b></li> </ul>
<p>Purchase Orders</p>	<p><b>Issue:</b> After creating line items for a purchase order, the system was billing allocation items at 100%, even if the user entered a partial amount or partial percentage. This prevented users from billing multiple cost centers.</p> <p><b>Resolution:</b> Users can enter partial amounts or partial percentages when entering allocation items, allowing them to bill multiple cost centers.</p>
<p>Report Center</p>	<p><b>Building Status</b> and <b>Tax Parcel ID</b> filters have been added to the <b>Building Information Filters</b> group.</p>
<p>Report Center</p>	<p><b>Issue:</b> Users reported that the <b>Equipment Down Time</b> report was returning an error message when users attempted to run the report.</p> <p><b>Resolution:</b> The report now processes as expected.</p>
