Date of Release: October 31, 2019

Introduction

This document describes the features and functionality of the BIGCenter 19.10.1 release.

Ideas for improving BIGCenter

We invite you to submit enhancement requests on the [BIGCenter Ideas page](#), visible to both internal Accruent employees and Support Contacts for other BIGCenter customers. You can now vote for or against these ideas, add or respond to comments, and view the status of all ideas.

This direct feedback allows Accruent to gain visibility into what is meaningful to customers. Product Management actively monitors the Ideas board, adds comments, and updates the status of ideas as needed.

Please contact BIGCenter Support for any questions about Ideas.

New Reports Module User Guide: Your Resource for Getting the Most out of Report Center

The Accruent Technical Communications team is proud to announce a new chapter of the Online Help: **Reports**. Create attractive reports with maximum self-sufficiency by following along with our basic-level user guide, where you can learn:

- About prompts, filters, and objects,
- How to Run and Modify Existing Reports, and
- How to Save and Subscribe to Reports.

Access the new **Reports** guide by clicking the **Help** button  in the BIGCenter application.

Curious about Report Center?

Contact your Accruent account representative for more information.

Summary of issues fixed and enhancements

Component	Summary
Lease Invoice	We've removed the limit on the number of invoices that can be approved or sent for approval at one time in the updated BIGCenter.
Work Management	Enhancements have been delivered for security and an improved experience.
