Introduction

This document describes the features and functionality of the BIGCenter 20.01.1 release. An internal security fix has been delivered, as well fixes for the **Leases** and **Programs** modules.

Ideas for improving BIGCenter

We invite you to submit your product enhancement requests on the BIGCenter Ideas page. Ideas you post can be viewed by both Accruent employees and other BIGCenter customers. On the Ideas page you can:

- vote for or against an idea
- add and respond to comments
- view the status of an idea

Your ideas help us to understand what is important to our customers. Our product management team actively monitors the Ideas page and updates it when required. Contact Accruent Support if you have questions about the Ideas page.

Improvements and Issues Fixed

Component	Summary
General	In this release, we addressed an internally identified vulnerability. This fix improves the security of the product.
Leases	The **Current Term** field now displays the same value in both the lease summary and the print abstract.
Programs	Approved budget overrides from the program-level now display for individual projects.
